PROFESSIONAL SUMMARY

Python Full Stack Developer with hands-on experience in Django, React.js, PostgreSQL, and REST APIs. Skilled in developing responsive web applications, implementing authentication and CRUD functionality, and building scalable, user-friendly solutions.

PROFESSIONAL EXPERIENCE

Python Full Stack Developer Intern 02/2026 – 08/2026
Futura Labs Technologies Calicut, Kerala

- Developed responsive web applications using Python, Django, React.js, HTML, CSS, and Bootstrap.
- Implemented CRUD operations, authentication, REST APIs, and PostgreSQL integration.
- Used Git and GitHub for version control and collaborative development.
- Leveraged ChatGPT, Claude, and GitHub Copilot for coding and debugging.

EDUCATION

B.Sc. Computer Science 07/2022 – 03/2025
University of Calicut Kozhikode, Kerala

SKILLS

Programming Languages

Python, C, Java, JavaScript,

Soft Skills
Problem Solving, Teamwork, Adaptability, Quick Learning

Frameworks & Libraries
Django, Django REST Framework, React.js, Bootstrap

AI & Tools
Git, GitHub , Copilot, OpenAI Codex, Claude, ChatGPT, DeepSeek, Antigravity

PROJECTS

Wild Animal Detector & Farmer Product Selling Platform
Python, Django, HTML, CSS, JavaScript, MySQL

- Developed a full-stack web application combining wild animal detection with an e-commerce platform for farmers to sell produce online.
- Designed the MySQL database and implemented core features for product listings, user interactions, and detection alerts.

University Admission Management System
Python, Django, HTML, CSS, JavaScript, Bootstrap, AI-Assisted Coding

- Developed a web-based University Admission Management System to manage students, colleges, courses, and applications using Django and PostgreSQL.
- Implemented document verification, admission tracking, and AI chatbot features to streamline the admission process.
- Used AI-assisted tools for efficient development, debugging, and testing.
